Plan to attend – Central's Spring Conference

Our dynamic, new state superintendent of instruction will keynote the Central Region Spring Conference.

Innovation and 21st century creativity mark the career of Deborah S. Delisle, Ohio's 35th State Superintendent of Public Instruction. With 30 years of experience in five Ohio school districts, Ms. Delisle has served as a school district superintendent, principal, curriculum director, classroom teacher of both language arts and gifted education, and college instructor in education. She has held many leadership positions and is known for "making good things happen." She co-authored **Growing Good Kids** with her husband Jim. The book was the recipient of a Parents Choice award. She was named a 2008 "tech-savvy" superintendent by e-school news for the technological transformation in Cleveland Heights / University Heights. You'll not want to miss this opportunity to hear such a dynamic and knowledgeable speaker who also happens to be our state education leader.

Bring your entire leadership team. You'll want to talk about what you heard on the drive home. (And we promise to get you out at a reasonable time!)

Central Region now has its own web page!

The Central Region web site has all the information you need to take advantage of Central Region services. You'll find a handy **Conference** page where you can download registration forms, see the program at a glance, and even get directions from your home to the conference!

The **home** page has a slide show with photos from Central Region events as well as contact information and a link to the Ohio School Boards Association web site where you'll find the latest state information.

There's a **Recognitions** page where you can read about the recognitions we bestow at our spring and fall conferences and download nomination forms.

On the **Committees** page, you can see the names of all the Central Region board members who are working to ensure that Central Region is meeting your needs.

In addition, you'll find past issues of the newsletter that can be downloaded and a link to the region's photographic archive on Flickr.

Best of all, it's a snap to remember the address:

www.centralregionosba.org

Featuring:

State Superintendent Deborah S. Delisle (top) will keynote the Spring Conference on March 11. Joyce Galbraith (bottom), Central Region President, will preside over the proceedings.
